From the District Deputy

Brethren: The second half of our Masonic Year promises to be an extremely busy and exiting one for our District. Work has commenced on the District Project that will bring Prostate Cancer awareness sessions to Sudbury and Little Current in April. The Sudbury-Manitoulin District Freemasons will partner with the Canadian Cancer Society to once again bring this important message to our communities. (See next month for more information) The New Year also brings Lodge Installations around our District. Please make every effort to attend the Installations and support the new officers. Their commitment to the Lodge and the Craft enables each of us to enjoy the many privileges Freemasonry offers. I look forward to seeing you around the District.

Fraternally yours,
A.T. Burns
